ABOUT THE COVER—This year's cover is a reproduction of Grant Wood's painting entitled "Stone City" which was first exhibited at the lowa State Fair in Des Moines in 1930 where it won the land-scape painting award. While at the fair it was purchased by the Omaha Society of Liberal Arts to become part of the permanent collection of the Joslyn Memorial Museum. Stone City, a thriving limestone quarrying center near Anamosa in the 1880's, was a ghost town when Grant painted it in 1929. As he did in all of his pictures, Grant rearranged reality to fit his own abstract design. Consequently, from a farmer's point of view, the landscape has several technical defects. For example, no farmer would plant corn on a slope so steep nor would he build barns so close to a river's edge.

fects. For example, no farmer would plant corn on a slope so steep nor would he build barns so close to a river's edge. Grant Wood was born on a farm near Anamosa, lowa, on September 13, 1892, and died on September 12, 1942, one day before his fiftieth birthday. Upon learning of his death, one art critic wrote, "Through paintings, Grant Wood speaks to the people as few artists have in our time. His was a people's art and so he intended it to be."

how to save money

The people of Northwestern Bell want to provide you with telephone service that fills your needs. So we've put together the following tips to help you choose good telephone service at the lowest possible cost.

HOW TO SAVE ON LONG DISTANCE

call station-to-station. This type of long distance call is lower priced than person-to-person. When you're reasonably sure the person you want to talk to will be there or you'll talk to anyone who answers, call station-to-station.

dial it yourself. You'll save money by dialing long distance calls yourself. They cost less than operator-assisted calls, and are faster, too. Direct dialing rates also apply on station calls placed with an operator where direct dialing facilities are not available.

call when rates are lower. Call long distance on week nights and on weekends for lower rates. Higher rates are during business hours on weekdays. (See page 7 for detailed charts.)

call on holidays. Rates are cheaper on some holidays. You can take advantage of the lower holiday rate by calling on New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas Day. For more detailed information about the holiday rate, see page 7.

schedule your calls. If you schedule your long distance calls in advance, your friends or relatives will be expecting your call. Then you can call station-to-station instead of person-to-person. Dialing station-to-station can cost less than half as much as calling person-to-person.

plan your conversation. Decide what you want to say and jot it down before you call. That way, you'll be able to cover everything in less time. You can avoid repeating things by having family members listen in on extension phones.

don't pay for wrong numbers. If you dial a wrong number, call the operator right away to make sure you're not charged for the call.

report bad connections. If you have a bad connection, hang up and call the operator. The operator will see that you get a better connection and adjust the charge so that you won't be billed for the time your call was interrupted.

check your directory. Before making a long distance call to a business in another

town, check your phone book to see if the business has a toll-free number. If they do, you'll save yourself the price of a long distance call.

OTHER MONEY-SAVING TIPS

vacation aid: If you're going to be away from home for a month or more, you can save money by temporarily suspending your home telephone service. The rate for suspended service is lower than most regular rates, and you can have your calls transferred to another number.

one trip: When you move, in most cases, you can save money on connection charges if you have all your service options (items such as extensions, etc.) installed at the same time. Then the installer won't have to make a second trip to your home, and you won't have to pay a second charge.

pay phone refund: If one of our pay phones keeps your dime and doesn't give you a call, please jot down the number of the offending phone and report it to the operator. We'll mail you a refund and have the phone fixed as soon as possible.

bill problems? It's always a good idea to check your phone bill before you pay it. If you have a question about your bill, call the business office. A service representative will help you solve the problem.

planning to move? Northwestern Bell may give you a \$5 credit if you move to a new address in the same community and take your present phones with you. Before you take them to the installer at your new location, check with your Northwestern Bell business office to see if you are eligible for the installation credit.

package plans: If Touch-Tone service is available in your community, consider one of the Touch-Tone bargain packages. For example, for \$5.00 a month plus basic service and connection charges, you can get three color Touch-Tone telephones (you can choose any combination of standard wall or desk phones, Trimline wall or desk phones or Princess phones). Call the business office to talk with your service representative.

basic service: If you're on a limited budget, you should consider having only one rotary dial telephone in your home. Telephone service without extension phones saves money but sacrifices convenience. However, with one basic phone you do have a variety of colors and wall or desk models to choose from, at no extra charge.

long distance calling

Alleman, Ames, Colo, Huxley (effective 12-1-73), Sheldahl and Slater customers can dial their own station long distance calls direct to telephones with 7-digit numbers.

Direct Dialing

- Dial "1"
 (Alleman, Huxley (effective 12-1-73), Sheldahl, Slater Dial "1" plus number assigned to telephone)
- Dial the Area Code if different from your area code, 515
- Dial the Telephone Number

To place a call with the Operator

Person, collect, credit card, and calls from coin telephones are placed with the Operator. Give the Area Code of the place you are calling and the telephone number you want.

To get an out-of-town number

- Dial "1"
 (Alleman, Huxley (effective 12-1-73), Sheldahl, Slater Dial "1" plus number assigned to telephone)
- Dial the Area Code if different from your area code, 515
- Dial 555-1212 (There is no charge)

If you reach a wrong number

Dial "OPERATOR" right away. The operator will see that you are not charged.

If you need assistance, or have difficulty

Dial "OPERATOR" and the operator will be glad to help you.

HOW TOTAL THE THE TENE

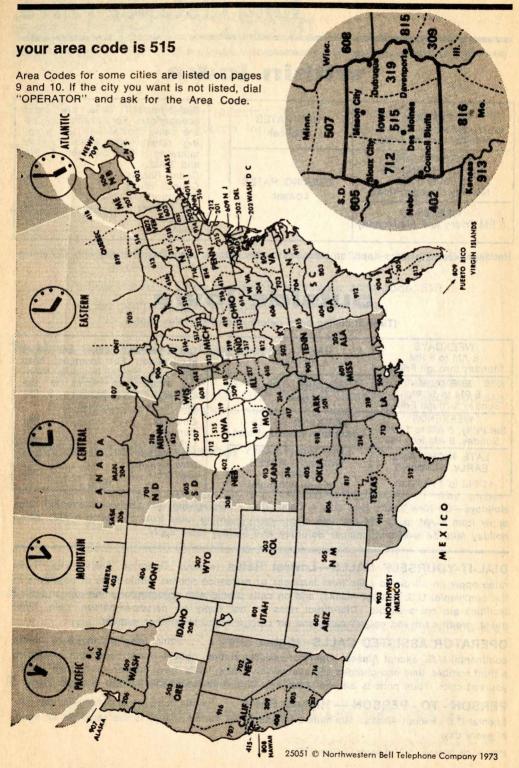

Holidays—On New Year's Day, July 4, Labor Day, Thanksgiving and Christmas evening rates apply from 8 AM to 11 PM and late night—early morning rates from 11 PM to 8 AM. When holiday falls on weekend, regular Saturday and Sunday rates apply.

DIAL-IT-YOURSELF CALLS—Lowest Rates (without Operator Assistance) These rates apply on all dialed calls from business or residence phones within lowa or anywhere in the continental U.S. (except Alaska) and on calls placed with an operator where direct dialing facilities are not available. Dial-direct rates do not apply on person-to-person, coin, hotely guest, credit card and collect calls, and on calls charged to another number.

OPERATOR ASSISTED CALLS—Higher rates . . . within Iowa or anywhere in the continental U.S., except Alaska. Operator-assisted station, collect, credit card, coin, charge to a third number, time and charges and special toll billing calls have higher rates than dial-it-yourself calls. Rate periods are the same as calls within Iowa shown at top of page.

PERSON - TO - PERSON — Highest Rates . . . within lowa or anywhere in the continental U.S., except Alaska. Minimum 3-minute initial period charge is the same for all hours of every day.

types of long distance calls

Station (You can dial direct)

Call "station" if you will speak with anyone who answers. Lowest rates apply on station calls. Charging starts when the called telephone is answered. If you cannot dial direct, dial "Operator".

Person (Dial "OPERATOR")

Call "person" if you want to talk to a particular person or extension. Rates are higher than for a station call and also apply when you talk to an alternate person or extension. Charges start when conversation begins.

Collect (Dial "OPERATOR")

You may call "collect" if the person or firm you are calling will agree to pay the charges. If you want to call collect, be sure to tell the operator when placing the call.

Overseas (Dial "OPERATOR")

You can call practically any telephone in the world from your phone. Tell the operator you want to place an overseas call and give the name of the country you are calling.

Wide Area Telecommunications Service (Inward WATS)

Station-to-station long distance calls may be made, without charge to you, to those customers who have inward wide area telecommunications service. They offer this service to their customers calling from specific locations. Dial "1" as you do for any long distance call, next area code 800, then the special number of customers who have this service.

Other Special Calls (Dial "OPERATOR")

Credit card, conference, Zenith, mobile, or other calls requiring special handling should be placed with the operator.

general information

Annoying, Harassing and Threatening Calls

Annoying, harassing and threatening phone calls are punishable under state of lowa or Federal law. If you receive such calls, hang up immediately. If they persist get in touch with your Telephone Business Office. Threatening calls should be reported immediately to the police.

Your Telephone Number Is Important

Make it easy for people to reach you. Include your area code and telephone number on business stationery, statements and advertising. It helps others call you faster.

Rates and Regulations

Regulations and rules governing the furnishing of services by your Telephone Company are on file in your Business Office. A representative will be glad to assist you in obtaining information from them.

Attachments to Telephones

In the interest of providing dependable, efficient and modern telephone service, the Telephone Company sets specifications for equipment which may be connected to its facilities. These specifications are required to insure that each part of the system is designed and maintained to work with every other part of the complex telephone network. Rules and regulations regarding the connection of customer provided equipment to Telephone Company facilities are on file with the lowa State Commerce Commission. Copies are available for review at the Business Office.

Liability of Telephone Company

Service Interruptions

Northwestern Bell's liability for damages due to mistakes, omissions, interruptions, delays, errors or transmission defects in furnishing service or facilities is limited to an adjustment of charges for the period of time customer service is adversely effected.

The Company will make every reasonable effort to prevent interruptions of service. However, if a partial or complete service interruption does occur which is not due to negligence or a willful act by the customer, a prorate

adjustment will be made. The adjustment will cover any fixed monthly or annual charges for service, equipment and facilities affected by interruptions as follows:

1. Interruptions extending beyond twenty-

four (24) hours*-

The Company will voluntarily adjust charges for services and equipment on a prorate basis from the time the interruption is reported or detected until service is restored. If in the Company's judgment, circumstances prevent a customer from notifying the Company of a service interruption, the requirement for notification to or detection by the Company may be waived. If known by the Company, the period adjusted will begin when the interruption occurred. In all other cases, the period adjusted will begin when the customer first becomes aware of the interruption.

 Interruptions for a period less than twenty-four (24) hours*—
 When reported to the Company, adjustments for outages will be made if, in the Company's judgment, circumstances so warrant

This tariff is on file with the lowa State Commerce Commission and is also available for review at the Northwestern Bell Business Office.

*Independent telephone company tariffs may specify a different interruption time before a prorated adjustment will be made. This tariff information is available through your independent telephone company business office.

Directory Errors and Omissions

Northwestern Bell's liability due to errors in or omissions of directory listings shall be limited to and satisfied by an adjustment of not more than one-half of the fixed charges for service affected. The adjustment will be made for the period from the date of issuance of the directory containing the mistake to the date of issuance of a new directory containing the correct listing.

This tariff is on file with the lowa State Commerce Commission and is also available for review at the Northwestern Bell Business Office.

WARNING: Unlawful Uses of the Telephone

Fraud

lowa law prohibits the fraudulent use of a credit card or telephone billing number, or obtaining or attempting to obtain telephone service with intent to avoid charges. The maximum penalty for violation is a fine of \$1,000 or 5 years imprisonment or both.

Annoyance Calls

Intentional annoyance of any person by use of the telephone is prohibited by law. The maximum penalty for violation is a fine of \$500 or imprisonment for one year or both.

Party Line Misuse

The lowa law relating to intentional obstruction of emergency telephone calls reads as follows:

Section 1. For the purpose of this Act, the follow-

Section 1. For the purpose of this Act, the following terms have the meanings ascribed to them.

1 "Party line" means a subscriber's line tales.

1. "Party line" means a subscriber's line telephone circuit consisting of two or more main

telephone stations connected therewith, each station with a distinctive ring or telephone number. 2. "Emergency" means a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential.

Section 2. Any person who shall intentionally refuse to relinquish immediately a telephone party line or public pay telephone when informed that such line or telephone is needed for an emergency actually existing in Section One of this act, for use in calling a fire department or police department, or for medical aid or ambulance service, shall be fined not exceeding one hundred dollars or imprisoned in the county jail not exceeding thirty days.

Section 3. Any person who shall secure the use of a telephone party or public pay telephone by falsely stating that such line or phone is needed for an emergency call shall be fined not exceeding one hundred dollars or be imprisoned in the county jail not exceeding thirty days.

David Beebe, Manager 233-3730

TO CALL A PARTY ON YOUR LINE

Two-party customers dial the listed number then follow procedure below. Eight-party customers dial the listed number—a high whistling tone will indicate the telephone called is on your line. Then dial the party code number shown on the number plate on your telephone and follow procedure below.

PROCEDURE—After dialing the number, hang up. Your bell and the bell of the called telephone will ring until the called telephone answers. When your telephone stops ringing, lift your receiver and begin your conversation. If no answer, lift your receiver for a moment and then replace it. This will stop the ringing and will clear the line for other calls.

SLATER

Including Alleman and Sheldahl GENERAL TELEPHONE COMPANY OF THE MIDWEST

TO CALL A PARTY ON YOUR LINE

If on repeated attempts to call a number the line is always busy it may be that the called number is on your line. Or if it is known that the party you wish to call is on your line, and you wish to call that party, proceed as follows:

- 1. Lift your receiver and listen for dial tone.
- 2. Dial 99 and directory listed number.
- 3. After dialing you will hear the busy tone. Then replace your handset. Allow a reasonable length of time for the other party to answer, then pick up your handset and talk.
- When the party you are calling answers, he will hear a "ticking" sound which indicates that he should wait for calling party to speak.
- 5. If the called party does not answer, replace your handset.

AMES CIVIC INFORMATION

HISTORY—The village of Ames came into existence in 1864. That same year the Cedar Rapids and Missouri Railroad was extended to the new Story County settlement. This village was named after Oakes Ames, Massachusetts Congressman and railroad promoter, who had financial interest in the C.R. and Mo. R.R.

The presence of state and federal institutions has been a major factor in the growth of Ames. March 18, 1869 marked the formal opening of the "State Agricultural College and Model Farm". Now lowa State University of Science and Technology (the name adopted by the 1959 lowa General Assembly), has an enrollment of 19,000 students.

GOVERNMENT—Ames operates under a Mayor-Council form of government with a City Manager. With this type of city government the City Council sets the policy and the City Manager administrates it. The Mayor is elected for a 2-year term. The Mayor presides at Council meetings and is official city host. He appoints the Chief of Police and citizen members of various municipal boards and commissions.

PLANNING—The seven City Planning Commission members are appointed by the Mayor for five-year tearms and serve without salary. They employ, with the approval of the City Council, a professional staff. The Commission directs planning for the orderly growth and development of the city by recommending zoning for new areas of the city, attempting to keep non-conforming use to a minimum and recommending zoning patterns that encourage suitable use of the land.

The powers of the Commission are advisory and its recommendations may or may not be adopted by the Council. Decisions of the Council may be appealed to the Zoning Adjustment Board.

WATER—From the original well with a pump and elevated wooden water tank, the Water Department has grown to a plant capable of producing 6,000,000 gallons of treated water a day. Equipment includes ten gravel-packed wells, a 1,000,000 gallon capacity water tower, a new well house and meter pit, a high service pumping station and a new clarifier basin. The University has its own water supply and plant.

MUNICIPAL LIGHT AND POWER PLANT—Ames has had its own municipal light and power plant since 1896. It has been expanded several times to meet the increasing demands of a growing city. Major expansions occurred in 1948 and in 1958. The most recent expansion was in 1968 with a \$9 million addition that increased the capacity from 27 megawatts to 70 megawatts of power.

MARY GREELEY HOSPITAL—A donation from Captain W. M. Greeley in memory of his wife, founded the Mary Greeley Memorial Hospital in 1916. The first addition was built in 1937; the second addition in 1961 brought bed capacity to 160. Another addition completed in 1971 increased the capacity for acute medical, surgical, coronary and mental health patients, for a total of beds to 181.

AIRPORT—The Ames Municipal Airport is located in the south part of the city west of Highway 69. A \$270,600 improvement program in 1963 included increasing the length of the main runway to 3,500 feet and its width to 100 feet. Another expansion is planned to begin in 1974.

FINANCIAL—Ames is served by three banks. Bank deposits as of April 30, 1971, amounted to \$53,021,766. There are two savings and loan associations.

COMMUNICATIONS—Ames is served by one local newspaper, one television station, two AM radio stations and four FM radio stations.

PUBLIC SCHOOLS—The school plant is comprised of seventeen buildings, with a present total new replacement value of \$10,344,348.

IOWA STATE UNIVERSITY OF SCIENCE AND TECHNOLOGY— Colleges within the University are Agriculture, Engineering, Graduate, Home Economics, Sciences and Humanities and Veterinary Medicine.

A federal land grant institution, lowa State has a three-fold function:

- Resident instruction on both the undergraduate and graduate levels.
- 2. Extensive programs of research.
- 3. Extension service in agriculture, engineering and home economics.

The research facilities of the University include the Agriculture and Engineering Experiment Stations, the Institute for Atomic Research, the Industrial Science and Veterinary Medical Research Institutes and the Statistical Laboratory.

The United States Atomic Energy Commission has a major laboratory for basic research on campus, operated as an integral part of the Institute for Atomic Research.

University enrollment for the fall quarter of 1972 was 19,206, the University Staff was approx. 5,350.

University land in Ames and through the state totals 7,623 acres with 986 acres in the main campus and recreation areas.

IOWA STATE HIGHWAY COMMISSION—The Iowa State Highway Commission employs 4,000 engineers, administrative assistants and maintenance men in all of its departments. About 1,050 are located in Ames.

NATIONAL ANIMAL DISEASE LABORATORY—The principal work of the National Animal Disease Laboratory, a facility of the U. S. Department of Agriculture located in Ames, lowa, is research on the principal diseases of livestock that occur in the United States. About 20 percent of the facilities, however, are used to provide laboratory diagnostic services for some of the Department's disease-control field programs and for the regulation and control of biological products made and sold in inter-state trade by private commercial companies. At present the staff consists of 125 professional and scientific workers and 320 nonprofessional employees, a total of 445 persons.

The laboratory was constructed at a cost of \$16,000,000 and the annual operating budget is in excess of \$5,000,000.

Want your advertising to get action?

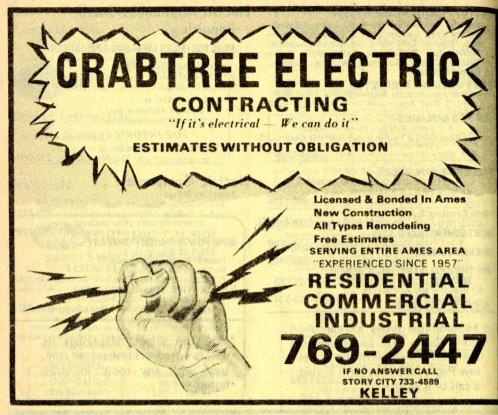

Here's how:

People who read the Yellow Pages - Action-People - are ready to buy. Want proof? A recent national study found that 93 out of every 100 references to the Yellow Pages were followed up with some kind of action . . . a visit, a call or a letter.

Want that kind of action? Advertise in the Yellow Pages. It pays.

Action-People don't just read the Yellow Pages, they use it.

You don't leaf through the Yellow Pages just to pass the time of day. You refer to the Yellow Pages because you want to buy something.

That's why 93 per cent of all references to the Yellow Pages lead to some sort of action . . . a visit, a call, or a letter. It pays to advertise in the Yellow Pages ... it means action!

Advertise for action...

DEPENDABLE SERVICE ON MOST MAKES

"WE TRADE"

Action-People use the Yellow Pages.

It makes the "Best Seller" list every year.

If you sell something, why not go with the book people pick up when they're ready to buy? The Yellow Pages is one of the best sellers for your product or service because it's read by more people, more often. And it's even reprinted every year.

Did you know that:

... 83.5 million Action-People use the Yellow Pages every year.

... they refer to the Yellow Pages a total of 3.4 billion times a year.

... 93 per cent of these references were followed up with action - either a visit, a call, or a letter.

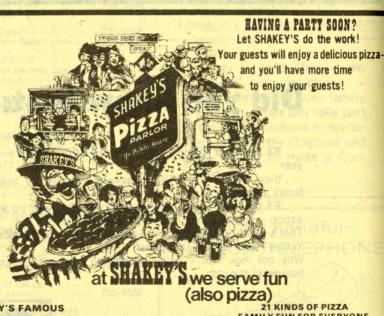

That's what advertising is supposed to do - bring action. Yellow Pages advertising does!

Why not look into a Yellow Pages ad program for your business? It pays.

Advertise for action...

INFORMATION FOR LOCAL TELEPHONE NUMBERS

INFORMATION FOR LOCAL TELEFHONE NUMBERS
From campus telephones MD3 F GMA 30M3 C3 FO
For Campus numbers
For student location Dial Operat
For off-campus numbers

YOUR UNIVERSITY HAS A MODERN TELEPHONE SYSTEM CALLED CENTREX

Centrex service is easy to use —

- To call another campus telephone, just dial the last five digits of the listed number.
- To call an off-campus telephone, dial 9, then dial the listed number.
- Off-campus callers and out-of-town callers can dial direct to University telephones without going through a central switchboard by dialing the complete 7-digit number.

YOU CAN DIAL YOUR OWN STATION-TO-STATION LONG DISTANCE CALLS FROM DORMITORY PHONES

Your Area Code is 515

- a DIAL 9
- b DIAL 1, to connect with the long distance network
- c DIAL AREA CODE if different from 515
- d DIAL THE 7-DIGIT NUMBER of the party you are calling

WHEN YOU DIAL A LONG DISTANCE CALL, IT WILL BE AUTOMATICALLY CHARGED TO THE DORMITORY TELE-PHONE YOU ARE USING

To place a person, collect or credit card call dial 9, then dial Operator For complete information on how to

for complete information on how to get an area code or distant number see page 7 at front of directory.

STUDENT DORMITORY BILLING

Northwestern Bell will send a statement of long distance calls to dormitory rooms about the 20th of each month. Each room resident will be responsible for his own calls, but it may be convenient for one roommate to collect for the calls the others made and pay the entire bill. Payment is due when bill is received and past due by the 1st.

Payments can be made by mail, in person at the telephone business office, 509 Main, or in person at our payment agencies listed below:
